John Strawbridge
Senior Director of Development
White Plains Hospital
41 East Post Road
White Plains, NY 10601

Dear Mr. Strawbridge,

The STILLMAN family has been serving the Westchester community almost as far back to when White Plains Hospital had fewer than 20 beds. Roy, Jeffery, and Andrew STILLMAN, the principles of the company, along with myself, represent the third generation of participants in their family's business. Although STILLMAN Property Management is not nearly as big as White Plains Hospital, our shared roots in Westchester County run quite deep.

Please accept this contribution in recognition of all of the doctors, nurses, and other medical professionals and support staff (the true heroes of our community) that put their own well-being on the line every day in support of ours.
Thank you for your wonderful work, and bless you all!

With our sincerest gratitude, on behalf of 'Roy, 'Jeffrey, and Andrew;

Philip Schonberg
Director of Management
